

Executive Summary

Supply Chain and Procurement leader with extensive experience leading purchasing, strategic sourcing, supplier management, inventory planning, materials management, and ERP-driven operations within manufacturing environments. Proven success improving supplier performance, reducing costs, strengthening material availability, and supporting production continuity through disciplined planning, sourcing, and process improvement. Recognized for building supplier partnerships, improving procurement workflows, leveraging data for better decisions, and aligning supply chain execution with manufacturing and business objectives.

Core Competencies

- Supply Chain Management | Procurement | Strategic Sourcing | Purchasing | Supplier Relationship Management
- Inventory Planning | Materials Planning | Demand Forecasting | MRP | ERP Systems (SAP, Oracle, Infor CSI)
- Cost Reduction | Spend Analysis | Supplier Risk Mitigation | Vendor Performance | Contract Negotiation
- Manufacturing Support | Production Planning | Material Availability | Purchasing Data | KPI Reporting
- Cross-Functional Leadership | Continuous Process Improvement | Data Analysis | Advanced Excel | Power BI | SQL

Technical Skills

- ERP Systems: SAP, Oracle, Infor CSI (SyteLine), Maximo, Cityworks
- Analytics & Reporting: Advanced Excel, Power BI, SQL, SSMS, KPI Reporting
- Supply Chain Systems: MRP, Demand Planning, Inventory Planning, Materials Planning, Reorder Point Planning
- Process Tools: Root Cause Analysis, Process Standardization, Continuous Improvement, Lean Methodologies

Career Highlights

- Led procurement, inventory planning, materials management, warehouse, and logistics functions supporting approximately \$30M per month in outbound shipments.
- Improved on-time delivery by 35% while maintaining +95% inventory accuracy through supplier management, inventory planning, replenishment discipline, and process improvement.
- Delivered more than \$600K in measurable savings through sourcing initiatives, supplier performance improvement, inventory optimization, and operational process improvements.
- Improved inventory accuracy by more than 20% through ERP/MRP discipline, inventory controls, transaction accuracy, and data-driven root cause analysis.

Professional Experience

Procurement Administrator

Jacksonville Aviation Authority (JAA) | Jacksonville, FL | Mar 2026 – Present

- Lead RFQ, RFP, and sourcing activities supporting operational and capital requirements in a regulated environment.
- Coordinate supplier communications, vendor documentation, and procurement support activities to ensure compliance with policy, requirements, and operational timelines.
- Partner with internal stakeholders to align sourcing priorities, project timelines, and operational needs.
- Support procurement workflow improvements, documentation controls, and business process alignment initiatives that improve efficiency, compliance, and stakeholder experience.

Materials Manager

Industrial Electric Manufacturing | Jacksonville, FL | Nov 2024 – Oct 2025

- Directed procurement, inventory planning, materials management, warehousing, logistics, and ERP-driven operations supporting approximately \$30M per month in outbound shipments.
- Led S&OP and planning activities translating customer demand into executable material, purchasing, and capacity plans, improving on-time delivery by 35% while maintaining 95% inventory accuracy.

- Managed supplier performance, material availability, purchasing execution, inventory levels, and replenishment strategies supporting uninterrupted manufacturing operations.
- Leveraged ERP/MRP systems and reporting tools to improve inventory accuracy and operational performance.
- Led a 40+ member organization while standardizing inventory processes, improving accountability, and strengthening operational execution across two facilities.

Materials Manager

Gibraltar Industries | Jacksonville, FL | May 2024 – Nov 2024

- Led purchasing, inventory planning, supplier management, and materials operations supporting manufacturing activities consuming approximately 2,500 tons of steel and aluminum monthly.
- Developed sourcing, inventory, and replenishment strategies that improved material availability while supporting cost, service, and working capital objectives.
- Led S&OP execution integrating forecasting, inventory planning, procurement, supplier performance, and production requirements.
- Delivered \$240K in savings and reduced scrap by 25% through supplier optimization, sourcing improvements, and process standardization initiatives.

Senior Materials Planner

JEA | Jacksonville, FL | Oct 2023 – May 2024

- Partnered with Procurement, Supply Chain, and Operations teams to support sourcing strategy execution, material planning, and inventory management for utility operations.
- Collaborated with cross-functional stakeholders to align material availability, supplier requirements, and operational priorities.
- Maintained 99% availability of critical materials while supporting inventory optimization, forecasting improvements, and supply chain performance initiatives.

Senior Buyer Planner

Fabco-Air, Inc. | Gainesville, FL | Oct 2022 – Jul 2023

- Managed purchasing, inventory planning, supplier coordination, and replenishment activities supporting manufacturing operations.
- Performed demand, inventory, and purchasing analysis to support material availability, purchase order execution, and production requirements.
- Utilized ERP systems and operational reporting tools to improve purchasing controls, inventory visibility, supplier performance, and planning execution.

Inventory Planner

Coca-Cola Beverages Florida | Jacksonville, FL | May 2020 – Nov 2021

- Delivered \$600K+ in inventory cost avoidance through targeted optimization practices and Lean Six Sigma principles
- Reduced inventory cycle times by 50% by strengthening inventory controls, planning workflows, and purchasing decision quality.

Education

M.S. in Computer Information Systems | Boston University | Expected Dec 2026

M.S. in Applied Business Analytics | Boston University | Completed Aug 2025

B.A.S. in Logistics | Florida State College at Jacksonville | Completed Dec 2021

Certifications

APICS CPIM – Certified in Planning and Inventory Management

Certified Lean Six Sigma Green Belt
