

Executive Summary

Supply Chain and Procurement leader with extensive experience developing sourcing strategies, managing supplier performance, and leading procurement and materials operations in manufacturing and regulated environments. Proven ability to improve operational performance through strategic sourcing, KPI management, supplier negotiations, and process improvement initiatives. Experienced collaborating with executive leadership and cross-functional teams to drive cost control, supply continuity, operational scalability, and procurement transformation.

Core Competencies

- Strategic Procurement & Sourcing | Supplier Relationship Management | Contract Negotiation & Vendor Management
- Procurement Policy Development | Supply Chain Risk Mitigation | KPI & Spend Analysis | Cross-Functional Leadership
- Supply Planning & Forecasting | Inventory & Materials Management | ERP/MRP Systems (SAP, Oracle, Infor)
- Team Leadership & Development | Data-Driven Decision Making | Process Improvement & Governance

Career Highlights

- Delivered \$600K+ in cost savings and a 25% reduction in scrap through strategic sourcing and Lean improvements.
- Led purchasing and inventory initiatives improving OTIF performance to 95%+ while increasing inventory accuracy 20%+ and ensuring operational continuity.
- Developed inventory and sourcing strategies reducing shortages, improving replenishment performance, and optimizing working capital.
- Used analysis and KPI reporting to identify process gaps, drive corrective actions, and improve supply chain execution.

Professional Experience

Procurement Administrator

Jacksonville Aviation Authority (JAA) | Jacksonville, FL | Mar 2026 – Present

- Lead RFQ/RFP/RFI sourcing activities in a regulated procurement environment supporting operational and organizational requirements.
- Coordinate supplier onboarding, vendor management, and contract execution while ensuring compliance with procurement policy and regulatory requirements.
- Partner with internal stakeholders to align procurement activities, sourcing timelines, and operational priorities.
- Support procurement process improvement and workflow standardization initiatives to improve efficiency, compliance, and supplier accountability.

Materials Manager

Industrial Electric Manufacturing | Jacksonville, FL | Nov 2024 – Oct 2025

- Led procurement, planning, inventory, warehouse, and logistics operations supporting high-mix manufacturing and approximately \$30M/month in outbound shipments.
- Managed supplier relationships, negotiations, and procurement execution across multiple raw material and component categories to support operational continuity and cost objectives.
- Directed SIOP and planning activities aligning demand forecasts, inventory strategy, and operational requirements.
- Developed KPI reporting and performance accountability processes improving on-time delivery by 35% and achieving 95% inventory accuracy.
- Led a 40+ member team across purchasing, planning, warehouse, and inventory operations, establishing performance expectations and driving continuous improvement initiatives.

Materials Manager

Gibraltar Industries | Jacksonville, FL | May 2024 – Nov 2024

- Led purchasing and inventory strategy for high-volume steel and aluminum categories supporting manufacturing operations.

- Conducted inventory and supplier performance analysis to improve replenishment efficiency, reduce shortages, and optimize inventory levels.
- Delivered \$240K in cost savings and 25% scrap reduction through supplier optimization and process improvements.
- Supported demand planning and SIOF alignment to improve forecast accuracy and operational execution.

Senior Materials Planner

JEA | Jacksonville, FL | Oct 2023 – May 2024

- Partnered with Procurement, Supply Chain, and Operations teams to support sourcing strategy execution, material planning, and inventory management for utility operations.
- Collaborated with cross-functional stakeholders to align material availability with operational and infrastructure requirements.
- Maintained 99% availability of critical materials supporting infrastructure reliability and service continuity.

Senior Buyer Planner

Fabco-Air, Inc. | Gainesville, FL | Oct 2022 – Jul 2023

- Owned purchasing and supplier negotiations delivering \$500K in annual cost reduction while improving supplier performance and inventory availability.
- Performed demand and inventory analysis supporting replenishment planning, purchasing decisions, and inventory optimization.
- Used ERP and data analysis tools to improve purchasing controls, reporting accuracy, and inventory performance.

Inventory Planner

Coca-Cola Beverages Florida | Jacksonville, FL | May 2020 – Nov 2021

- Delivered \$600K+ in inventory cost avoidance through targeted optimization practices and cross-functional alignment.
- Collaborated with sourcing and procurement functions to ensure inventory strategies supported supplier engagement and cost control.
- Reduced inventory cycle times by 50% by strengthening controls and workflows that supported purchasing decision quality.

Material Specialist III

KBR | Jacksonville, FL | Jan 2015 – Feb 2018

- Managed high-value supply accounts exceeding \$150M supporting defense programs.
- Ensured compliance, supplier coordination, and availability of mission-critical materials.
- Supported forecasting, materials planning, and logistics for maritime and shipboard systems.

Supply Administration & Operations Specialist (MOS 3043)

United States Marine Corps | Camp Pendleton, CA | Oct 2005 – Mar 2014

- Led teams of 50+ in supply support operations ensuring mission-ready inventory and 24-hour fulfillment capability.
